

Turnip Truck Net Preamble

* NOTE * (THE REPEATER MUST BE CLEAR OF TRAFFIC BEFORE STARTING!!!)

Start NCS

It is approaching the net start time in Atlanta GA. Is the repeater in use?

Hearing no response... This IS... "YOUR CALLSIGN", "YOUR CALLSIGN PHONETICALLY". My name is "Your Name", and I will be the Turnip Truck NET Controller, for this evening's NET.

PAUSE

As the presiding Turnip for this evening's NET, I'd like to welcome all travelers, and visitors - who may be listening.

This repeater is dedicated to the traveling HAM, and any properly licensed stations are cordially invited to turnip up.

PAUSE

Coming to you LIVE from...

THE W4BOC repeater - Stone Mountain, Georgia with a receive Frequency of 146.760MHz a Negative Duplex shift of (600) and a PL Tone of 107.2

PAUSE

In a moment I'll begin taking check-ins for the Turnip Truck Net. Please Listen carefully... "Check IN" By Saying; "This is" un-key, wait for the tone, then continue with Your "Callsign (Alphabetically, and Phonetically PLEASE)", "Your Name", "Location", and if you have any traffic.

Of course, priority will always be given to any stations with Emergency Traffic. Is there any station with emergency traffic at this time?

OK good Onward!

PLEASE! go slow, I am a Turnip. If you are Mobile, or a Low power station, or if you are located outside the Atlanta area, please let me know when you check in.

Also, even though this net is made up of turnips, and other valuable vegetables, all stations are required to use good operating procedures. Do not quick key! Please leave room for other stations to join in or ask to use the repeater.

Don't forget to Support your local Juice Company! And NOW... !

(Preamble)

Come Ye All Hams, and Halfwits! Coming to you live from the Turnip Patch! This is the one, and as far as WE know, the ONLY, TURNIP TRUCK NET!

This is the Saturday night calling of this world-famous net, and as long as we don't lose our sponsorship from the greater Snellville Turnip Juice Company, we will continue to bring this net to you on Saturday night, sometime prior to midnight.

Most of our check-ins have IQs of less than 20, if yours is known to be more than 20, or you are having problems understanding, communicating, or elaborating with

the other check-ins, this probably means you are too smart for this net, and likely need to seek restitution from your local Lobotomist.

This net gives special recognition to all mental patients, especially those with frontal lobotomies. We must caution you that once you have checked into this net you will be forever known as a "Turnip". WARNING!

What you are about to hear are the voices of many happy, but not so bright, Turnips.

Tonight's topic of conversation is: ["Replace this with the topic for this evening"](#)

Special thanks to "[NAME](#)", "**CALLSIGN**" for logging!

The Turnip Truck Net uses NetLogger, which is available FREE at Netlogger.org

I will now be taking Check-ins, REMEMBER, please go slow, I am a turnip, and have a badge to prove it!

(Begin NET CHECK-IN's!)

- I'll start with Short time Check-INS, Are there any Short time Check-INS? Please Contact Net Control Now.
